Re: IB Docket No. 00-248
Ex Parte

Dear Ms. Salas:

On December 19, 2001, the following persons met with Bryan Tramont of Commissioner Abernathy's office concerning the above-referenced proceeding: the undersigned counsel representing PanAmSat Corporation ("PanAmSat"); John Stern of Loral Space & Communications, Ltd. ("Loral"); and John Janka and Dori Bailey of Latham & Watkins representing Hughes Network Systems ("HNS"). The conversation centered on *ex parte* filings that the Satellite Industry Association ("SIA") made on November 5 and December 11, 2001, providing proposals developed by a group of industry experts that SIA had convened. PanAmSat, Loral, and HNS are all SIA members.

At the meeting, the participants took the position that the Commission should not resolve the issues in this proceeding in piecemeal fashion. Rather, it was suggested that the Commission take whatever time is needed, and give whatever notice

to interested parties is appropriate, so that the SIA proposals can be taken fully into account and the Commission can develop a comprehensive Report and Order addressing all issues.

Sincerely,
